Chamonix is a vibrant town known as both a world-class ski resort and tourist destination. Situated in the Haute-Savoie region of France, it is bordered by Switzerland and Italy and dominated by the incredible Aiguilles de Chamonix mountain chain peaking at the top of Mont Blanc (4810m).

With these vast, jagged mountains towering over the town, the scenery here is arguably the most spectacular in the French Alps. The snow-capped peaks soar into the bright blue sky, ancient glaciers sweep down towards the valley floor. The natural beauty of this valley is the main draw for those who love the outdoors whether skiers, mountaineers, hikers or sightseers. There is a real international vibe here.

Chamonix France 2023

The main attraction that brings tourists to this picturesque town is Mont Blanc, the highest mountain in Western Europe at 4810m. Visitors either come to view it from the station at the top of the Aiguille du Midi cable car (3842m) or take it in from the valley floor. Another popular place to visit is the huge Mer de Glace glacier, accessed by the vintage Montenvers train. From the top, you can descend to an ice cave excavated into the glacier via a gondola and a series of walkways and steps.
