Experience It! Schonbrunn Palace

Schönbrunn Palace is one of Europe's most beautiful Baroque complexes and has been in the possession of the Habsburgs since 1569. The wife of Emperor Ferdinand II, Eleonore von Gonzaga, had a pleasure palace built on the site in 1642 and called the property "Schönbrunn" (beautiful spring) for the first time. The palace and garden complex created from 1696 onwards following the siege of Vienna was completely redesigned under Maria Theresa after 1743. Today, due to its historical significance, its unique layout and magnificent furnishings, the palace is a UNESCO World Heritage site.
